The applicant represents and certifies that the following are true and accurate:

- The applicant currently holds a FCC license to provide commercial wireless services and that such license is in good standing or, if the applicant is not a FCC licensee, that the license of each of its FCC tenants is (are) in good standing.
- The wireless telecommunication facility continues to be operated by the applicant and that the applicant has a continuing need for the facility to meet the requirements of its FCC license.
- The wireless telecommunication facility complies with all FCC rules and regulations currently in effect relating to environmental effects of electromagnetic radiation.
- The wireless telecommunication facility as currently constructed, maintained or operated is in compliance with all FAA rules and regulations.
- The applicant currently has liability insurance in force covering the wireless telecommunication facility in an amount deemed necessary by the Moore County Wireless Telecommunication Facility Ordinance, and amendments thereto.
- The applicant has not constructed, or modified any wireless telecommunication facility on or after the effective date of the Moore County Wireless Telecommunication Facility Ordinance without the approval of Moore County or, if it has done so, that it has ceased operating and has removed all aboveground portions of such facilities (not including any part of the foundation).

This application shall not be deemed complete unless accompanied by the following:

- Application fee of \$300.
- The Ordinance Administrator or his/her agent(s) shall advise the applicant of such additional information deemed necessary or appropriate to process or evaluate this application.

The applicant certifies that all statements, certifications and representations supplied in this application are true and correct and that the person signing this application is duly authorized to execute this application and otherwise to act on the applicant's behalf with respect thereto:
